from the rear of the white house. The gardens in the rear were brilliantly illuminated and electric lights played upon the beautiful fountains. Mr. Wilson did not see much of the fireworks. He was at a dinner at a nearby hotel, given by the Princeton class of 1897, of which he was a member.  
The vice president and Mrs. Marshall spent the evening with the Wilsons.

## Aqua Marine or Bloodstone The Birthstones For March

A very pretty idea which has steadily grown in popularity is the wearing of some piece of jewelry containing the birthstone.  
It has long been thought that in doing this one was sure of receiving favor from the mythological god ruling over that month, and would have good health and worldly success. There is something in this even if it is only the sentiment which puts pleasant thoughts in the mind, naturally producing good effects.  
It will be our pleasure to show you some pretty jewelry or the loose stones for which specially designed pieces can be made.

Just a few words today to you who are doing your full share towards making this a bigger, better city. There's one thing that many of you are unconsciously leaving undone which should be done. Each man answer this question for himself—  
"When did I have a photograph taken?"  
As leaders in this city you owe it—not only to your families but to all the southwest as well to have your photograph taken at least every other year—and this is the other year for most of you.

From time to time the newspapers desire to run half tones of prominent business men. If you were asked today for your photograph have you one which looks as you look now or is from five to ten years old?  
We're all pulling together—my work is photographs. Mail orders for Kodak finishing promptly attended to.

Columbia, S. C., March 5.—As a tribute to President Woodrow Wilson, the graves of his father and mother, in a cemetery here, were covered with flowers by the Women's Church society. Dr. Joseph Wilson, president Wilson's father, taught in a seminary here from 1840 to 1870.

Marshall was inaugurated, funeral services were conducted for one of his nearest relatives at La Grange, Mo., 10 miles north of this place, the boyhood home of Mr. Marshall. ## AUTO IS WRECKED; FOUR MEN INJURED

Machine Is Demolished at Five-Mile Bridge on County Road—Dr. Statten's Car Wrecked.  
Automobile No. 1258, belonging to J. C. Martin, Paso del Norte hotel, is almost a total wreck, and J. W. Dorsey, P. R. Rooney, E. M. Haley and T. A. McCarthy are more or less seriously injured as a result of the machine dashing at 1:30 o'clock Wednesday morning into the side of the five-mile concrete bridge on the county road east of the city. The engine of the car was torn loose and thrown under the rear of the car. Broken bits of glass and twisted brass rods, scattered over the road, were all that remained of the windshield. The body of the machine and the wheels were demolished.

Dorsey's injuries consisted of a dislocated right shoulder; Rooney's right knee cap was broken, in addition to several other bruises. Haley's mouth was cut, and McCarthy was bruised about the chest. The injured men were brought to the emergency hospital at the police station, where they were attended by police surgeon Frank Lynch. Later Rooney and Dorsey were sent to Hotel Dieu.

## Switch Engine Strikes Auto.

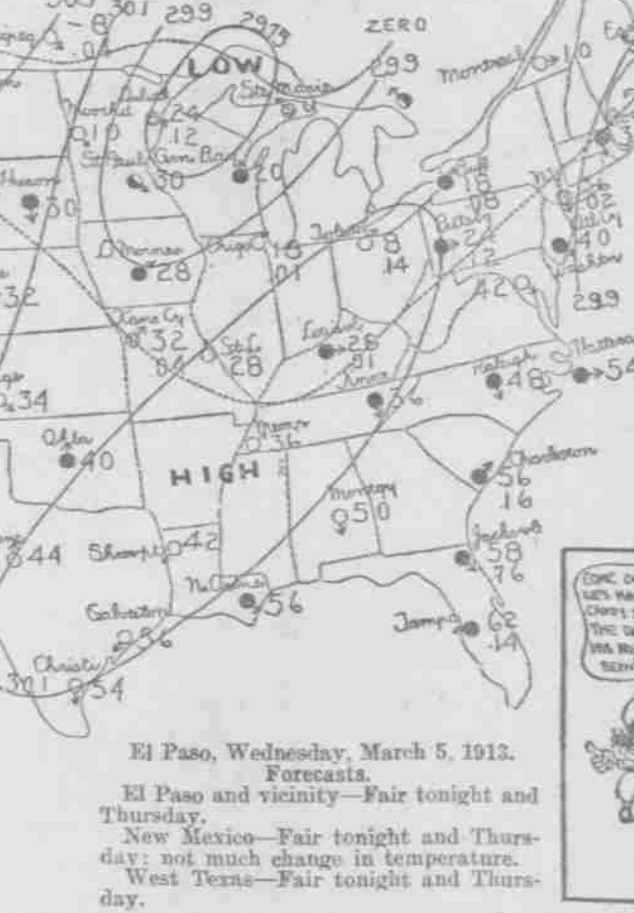

Dr. Burleson's new Maxwell, 20 horsepower roadster was struck by a G. H. switch engine at the north El Paso street crossing Tuesday afternoon at 4:30 and was badly wrecked and the occupants probably just missed being killed.

Dr. Statten's statement is that the engine was going toward the union station at an excess rate of speed when it struck his car. He was coming south on El Paso street and was unable to see the engine until his car was within a few feet of the track, as the view is obstructed by a telephone pole and the awnings of the Hughes-Hule Printing company's building. Dr. Statten says that the engine was going so fast that one of the men who was riding on it attempted to jump off and was thrown under his automobile by the momentum. He was not injured.

## LLEWELLYN AND THAT TELEGRAM

(Continued from page 1.)

for the election of Fall. Our people want him sure.  
"I then affixed the names thereto of the men who authorized and requested me to do so. I had just concluded directing my clerk to forward this copy to R. H. Sims of Las Cruces, with instructions to Sims that he have the parties whose names were affixed thereto transmit the same to me by wire, when the young woman in charge of the Western Union office here, both by telephone and by messenger, requested that I deliver the copy I had made to her; this I did.

**Telegram From Cruces.**  
"My clerk wrote Mr. Sims, nevertheless, repeating the substance of the copy which I had returned to the young woman, and in response thereto I received the following telegram from Las Cruces:

"All our people here want Judge Fall re-elected. There is no divided sentiment in this county. Please do your best to accomplish this result. Show this telegram to Mr. Monero. Practically all of the constituents of you both want senator Fall re-elected. Jose R. Lincero, Manuel Lopez, Jose Gonzalez, Felipe Lincero, Pilar Gonzalez, John S. A. Martin, R. H. Sims, M. R. Thompson, W. W. Cox, V. R. May, C. C. Lee. The original I hand to the chief clerk for the inspection of any person interested.  
"The copy of the telegram which I

returned to the young woman was never shown by me to any person, nor to any member of this house, nor was it made use of in any manner whatsoever. It was intended as a draft to be mailed to my constituents at Las Cruces for their guidance in voting support in behalf of Judge Fall."

A telegram from Las Cruces, certifying the right of the major to use certain names was read to the house. It was addressed to the speaker.

**Finance Measure.**  
The senate finance committee held another session last night, at which considerable progress was made on the appropriation measure, and it is now understood that this bill will be reported out within a day or two.

The senate bill, when presented, will contain no appropriation for the governor's legal adviser, but this does not mean that the legal adviser will be abolished. The appropriation for that office is a continuing one and it needs no action of this legislature to keep it in force. Only a repeal of the statute creating the office can abolish it.

The house bill will be reported out either tomorrow or today. It contains a provision for \$25,000 for the University of New Mexico, which is \$15,000 more than the senate measure will allow. In most other respects it conforms to the statement of anticipated figures already published.

The appropriation of \$2000 for the local relief of the governor has been cut out, as has the mounted police appropriation of \$16,000. The traveling auditor's office is reduced from \$700 to \$1200, but the allowance for special agents as mentioned in the schedule already forecasted remains in the bill.

## CUSTOMS SUB-PORTS WILL BE MADE PORTS OF ENTRY

Deputy Collectors Will Be Directly in Charge of Even Ports Where Collectors Have Headquarters.  
Washington, D. C., March 5.—Under the reorganization of the customs services, specified by president Taft just before he retired from office, each district will have a customs collector. The reorganization, in the absence of congressional dissent, becomes effective July 1. All ports even the headquarters of collectors will be directly in charge of a deputy collector. The terms ports of delivery and subports of entry will be abolished and all sub-

ports which will be retained will be made ports of entry.  
The new plan terminates the historic privilege given collectors at certain ports, especially along the Canadian border, to sell manifests and receive other emoluments, the proceeds from which in many instances far exceed their salaries. Collectors will receive only salaries.

The name of the new western districts and ports of entry continued or created in those sections are as follows, the first port mentioned in each instance being the headquarters of the collector:  
Colorado, Denver.  
Sabine, Texas, Port Arthur and Sabine.

Galveston, Texas, San Antonio, Dallas, Houston, Port Lavaca.  
Laredo, Texas, Laredo, Brownsville, Rio Grande City, Corpus Christi, Roma, Santa Maria.  
El Paso, Texas, El Paso and Columbus, N. M.  
El Paso, Texas, Eagle Pass, Boquillas, Del Rio, Presidio.  
Arizona, Nogales, Naco, Yuma, Douglas.

No roofing paper like Congo. Lumber Lumber Co.  
A. P. Coles and wife were spectators at the inauguration in Washington Tuesday.

## HELPLESS AS A LITTLE BABY

Pitiful Condition of Mrs. Emey, Down in Mind, Unable to Work, and What Helped.

Summit, Point, W. Va.—In advice from this town, Mrs. Anna Belle Emey writes as follows: "I suffered for 16 years with an awful pain in my right side, and ulcers in my stomach, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a little baby. I was in the worst kind of shape. Was unable to do any of my work.

I saw Cardui, the woman's tonic, advertised, and began taking it. I got relief from the very first dose, and by the time I had taken 12 bottles, my health was completely restored. I am now 45 years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you are a woman and suffer from ailments peculiar to your sex, don't you think it worth your while to give Cardui a trial? It has been helping weak women for more than 50 years. It is almost sure to help you, too.

Try Cardui.  
N. B.—Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," sent in plain wrapper.—Advertisement.

## NOW IS THE TIME

To buy lots in Cotton addition before prices go higher—Everything point to a rapid advance in value, for at the rate El Paso is growing close in property is getting scarcer each day and prices will soon be beyond reach. The nearer the center of the city you buy the easier it is for you to resell at big profits. Look at the prices asked in Franklin Heights addition which adjoins Cotton addition—Everyone who bought in Franklin Heights made big money and the same conditions exist today in Cotton addition. Cotton addition is in the very heart of El Paso and to buy these lots is better than depositing your money in a savings bank for you can re-sell at any time at higher price than the purchase price. Cotton addition is the only close in addition to El Paso at such low prices. You don't have to wait for the city to grow to you—it's all around you now. It was held off the market for ten years and during that time El Paso completely surrounded it with modern homes.

The very fact that it is not a new addition is what makes it so inviting for the prospective buyer. Everything has been done that will add to values and the small sums asked are such that workingmen are able to buy. Lots as low as \$400 and up to \$700 can be secured for as little as one-sixth down and the balance in one, two, three, four, and five years with only 6 percent interest.  
Property is increasing in value there every day. Thousands of El Paso people pass through this property coming to and from their homes every day. Let A. P. Coles show you this exceptional property. They are the exclusive agents.
